

The Once-Only Principle for Europe Conference

TOOP Project: Current Status and Outlook
Prof.Dr.Dr. Robert Krimmer – TOOP Project Director
Vienna, 24 September 2018

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 737460

“The industrial revolution of our time is digital. ... As companies aim to scale up across the Single Market, **public e-services** should also meet today’s needs: **be digital, open and cross-border by design**. The EU is the right scale for the digital times”

Andrus Ansip, Commission Vice-President for the Digital Single Market

Tallinn Declaration

SDGR aims to

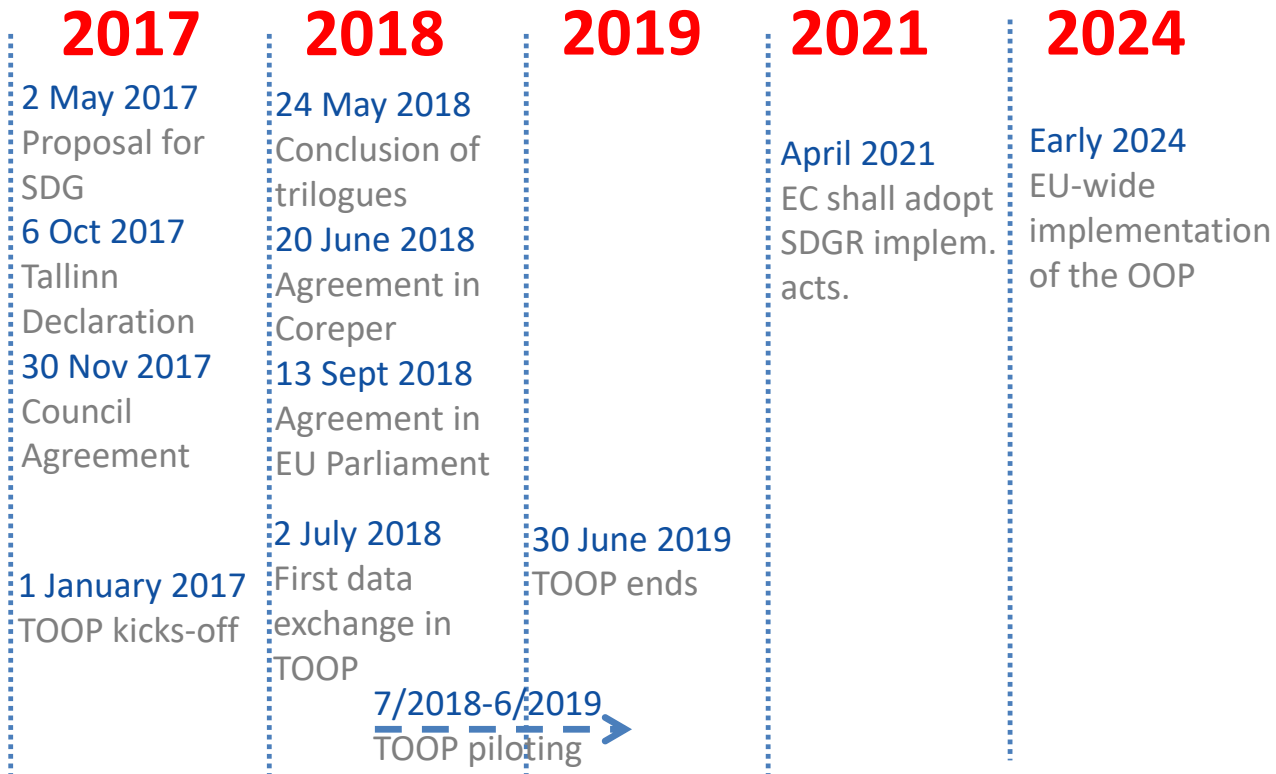

- Offer a cross-silo approach
- Be user-centric
- Get the most used procedures online (for both citizens and businesses)
- Ensure cross-border accessibility
- Improve findability
- Reduce duplication via **Once-Only**

TOOP and SDGR

SDGR

TOOP

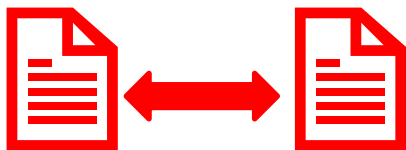

TOOP aims to

- Provide time savings for PAs and businesses;
- Lower administrative burdens and costs;
- Improve service quality and public sector efficiency;
- Comply with data protection legislation;
- Ensure security, interoperability, data quality, user-friendliness.
- Support better functioning DSM

TOOP Pilot Scenarios

Cross-border e-services for business mobility

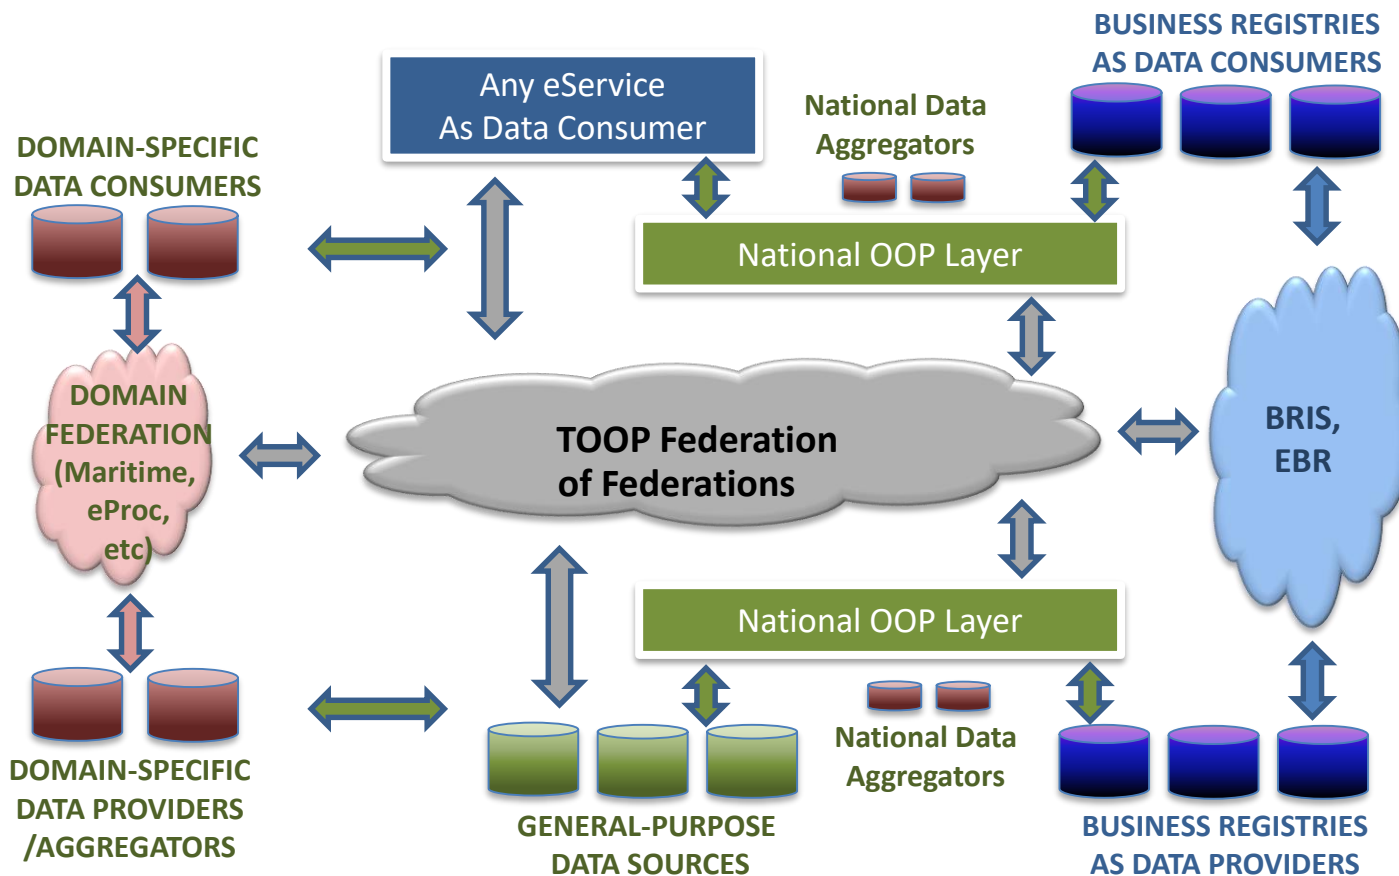

Updating connected company data

Online Ship and Crew Certificates

2 baseline scenarios: data pull and data push
